About Glencore's coal business in Australia

Glencore Coal's Community Investment Program supports activities and programs that make a positive contribution to the communities in which we operate.

We are Australia's largest coal producer with mining complexes across New South Wales and Queensland.

In Queensland our operational regions are Glenden, Collinsville/Scottville, Tieri/Capella, Springsure/ Rolleston, Nebo/Pioneer Valley, Wandoan/Taroom and Clermont.

To receive funding through this program, applicants must demonstrate how their initiative will make a positive contribution to these communities.

Community initiatives must fall within at least one of the following focus areas: health, environment, education and training, Indigenous and/or an identified local need.

For more information visit our website:

What funding is available?

Maximum funding per organisation is generally capped at \$2500 so as to allow for multiple organisations to benefit from the program. However, we will accept applications for higher amounts and assess them on merit and value to the community.

NB: Projects or initiatives that apply for a portion of the total project costs will not be considered unless the remaining project costs are secured - either from the applicant organisation or other funding sources.

Is your community project eligible for funding?

To be eligible, the application must:

- be from a not-for-profit, incorporated organisation operating a separate, auditable organisational bank account
- demonstrate the organisation's ability to manage the proposed project/activity in a professional manner
- primarily benefit at least one of the communities where we operate
- address a substantiated need in the community
- demonstrate how the initiative will directly benefit the local community
